Mark Bredin (Chair / président), St. John’s-Ravenscourt School, Winnipeg, MB
Kevin Grady (Associate Chair / président adjoint), Cobden District P.S., Cobden, ON
Sarah Garrett, King George P.S., Guelph, ON
John Grant McLoughlin, University of New Brunswick, Fredericton, NB
JoAnne Halpern, Toronto, ON
David Matthews, Waterloo, ON
David Switzer, Sixteenth Ave. P.S., Richmond Hill, ON
Rachel Verbruggen, University of Waterloo, Waterloo, ON
Laurissa Werhun, Parkdale C.I., Toronto, ON
Chris Wu, Zion Heights J.H.S., Toronto, ON
Lori Yee, William Dunbar P.S., Pickering, ON
Overall Comments
The Grade 7 and Grade 8 Gauss Contests are the first two in a series of mathematics contests created and administered by the Centre for Education in Mathematics and Computing. The 2013 offering of these Contests drew an enrollment of more than 77 000, mainly from Canadian schools, but also including a growing number of international schools.

The summary of results found in these pages is compiled from voluntarily submitted reporting forms. These results are based on returns representing more than one third of the total of enrolled students, and so can be viewed as representative of the actual results.

The average mark on the Grade 7 Gauss Contest was 94.3 in 2013, while the average mark on the Grade 8 Contest was 103.5. We are very pleased with these results.

As it has always been in the past, the primary goals in setting the Contests is to provide a fun activity which also challenges students, and gives teachers an opportunity to work with their students on a mathematical activity outside the normal classroom routine. We extend our thanks to those students and teachers who participated this year, and hope that you will all continue to be active in such activities.

Congratulations to all participants, and especially to those named in this report. We look forward to your names, and others, appearing in future lists of participants.

Commentaires généraux
Les concours Gauss de 7e et 8e année (Sec. I et II) sont les deux premiers concours d’une série de concours de mathématiques créées et administrées par le Centre d’éducation en mathématiques et en informatique. En 2013, ces concours ont mené à une inscription de plus de 77 000 étudiants, principalement d’écoles canadiennes mais incluant aussi un nombre croissant d’écoles internationales.

Le sommaire des résultats, trouvé dans ces pages, est compilé de formulaires de rapport de résultats volontairement soumis. Ces résultats sont basés sur les retours représentant un tiers du total d’étudiants inscrits, et donc peut être vu comme représentant de façon raisonnable les résultats actuels.

La note moyenne sur le Concours de Gauss de 7e année était 94,3 en 2013, pendant que la note moyenne du Concours de 8e année était 103,5. Nous sommes très contents des résultats.

Comme cela a toujours été dans le passé, le but primaire du concours est de donné une activité amusante mais, qui défie aussi les étudiants et permet aux enseignants de travailler avec leurs étudiants sur une activité mathématique hors de la routine de salle de classe. Nous offrons nos remerciements aux étudiants et aux enseignants qui ont participé cette année et nous espérons que vous continuerez à être actif dans de telles activités.

Félicitation à tous les participants, et surtout à ceux nommé dans ce rapport. Nous avons hâte de voir vos noms et ceux de d’autres étudiants, apparaître dans les listes futures de participants.
