The Centre for Education in Mathematics and Computing is proud to once again be the major sponsor of the Canadian Mathematics Competition this year. The year 2008 marks the 46th year of Contests produced by the Canadian Mathematics Competition.

Our congratulations go to all who participated in this year's Pascal, Cayley and Fermat Contests. This year's Contests were resounding successes, with average of 87.3, 90.1 and 86.4 across the three Contests. The number of students with perfect papers on the three Contests were 42, 12 and 6, including International and Unofficial competitors. We are very pleased with these results. The overall number of students writing this year's papers showed a small decrease over that from 2007.

This year, we tried for the first time having individual school results available online in "real time" as we scanned and marked forms. As a result, we were able to have some students' scores available within three days of the Contests. We were quite happy with how this worked, and will continue to experiment with this.

As always, we would like to thank the hard-working Problems Committees. Most of the members of these Committees are active secondary school teachers from across Canada who volunteers their time and contribute dozens of hours of expertise. Without their intriguing and sometimes amusing problems, these Contests would not be possible.

We would also like to thank all participants, both teachers and students. We hope that the papers provided you with some interesting mathematics to think about and play with. Thank you for your support! Please continue to encourage your colleagues and fellow students to become involved in our activities.

Le Centre d'éducation en mathématiques et en informatique à encore une fois le plaisir d'être un majeur supporter du Concours canadien de mathématiques. L'année 2008 marque la 46e année de concours produit par le Concours canadien de mathématiques.

Nos félicitations vont à tous les participants du Concours Pascal, Cayley et Fermat de cette année. Les Concours de cette année retentissaient de succès, avec des moyennes de 87,3, 90,1 et 86,4 à travers les trois Concours. Le nombre d'étudiants possédant un concours parfait était de 42, 12 et 6, en incluant les concurrents internationaux et non officiels. Nous sommes satisfait de ces résultats. L'ensemble du nombre de participants cette année a montré une petite diminution comparée à 2007.

Cette année, nous avons essayé pour la première fois d'avoir les résultats d'école disponible en ligne au fur et à mesure que nous avons balayé et corrigé les formulaires de réponses. Par conséquent, nous avons les résultats pour beaucoup des étudiants disponibles trois jours après les Concours. Nous étions tout à fait heureux avec le déroulement et nous continuerons à expérimenter avec ceci.

Nous aimerions surtout remercier les Comités de problèmes pour leur dur travail. La plupart des membres de ces Comités sont des enseignant(e)s d'école secondaire actifs d'un bout à l'autre du Canada qui offre leur temps et contribuent des douzaines d'heures d'expertise. Sans leurs problèmes perspicaces et amusants, ces Concours ne seraient pas possibles.

Nous aimerions remercier aussi tous les participants incluant les enseignants et les étudiants. Nous espérons que les concours vous ont offert des mathématiques intéressantes qui vous ont amusées et portées à réfléchir. Merci pour votre soutien continué!
