

Problem of the Week Problem B A Tale of Two Cities

Here are two climagraphs for two cities in the world.

Courtesy of: National Drought Mitigation Center, University of Nebraska - Lincoln

Study them carefully and then answer the following questions.

- a) If you wanted to spend your time in July at a nearby beach, which city would you choose, A or B?
- b) If you wanted to spend your time skiing in January, to which city would you go? Is there anything different you'd like to see on the climagraph you choose?
- c) Describe the weather in January for each city.
- d) Describe the weather in July for each city.
